## Job Openings

Do you have a job opening that you would like to publicize in the EFF Newsletter? Email all job

*Dear (Contact First Name),*

The Endocrine Fellows Foundation (EFF) welcomes you to our first ever newsletter! EFF is a nonprofit organization whose mission is to foster the advancement of fellows in endocrinology, diabetes and metabolism through mentoring, education, research funding, and career support. This newsletter is intended to reach out to current fellows, as well as create lasting relationships with EFF program alumni as well as endocrinologists across the world.

### 2015 EFF/ASBMR Applications

Applications are now being accepted for the 2015 EFF/ASBMR Fellows Forum on Metabolic Bone Diseases. Please [visit our website](#) for further details.

Dr. Raji is Board Certified in Endocrinology and Metabolism, as well as Internal Medicine. Currently working at the Elliot Health System, Manchester, NH, she is also appointed as a Medical Director to the operating board of the hospital. Dr. Raji completed her Fellowship in Endocrinology at Brigham and Women's Hospital in Boston, MA, and completed a Masters in Medical Science at Harvard Medical School, Boston, MA. Dr. Raji served as Director for the Medical Weight Management Program at Brigham for over 3 years, was involved in translation research with her main focus on insulin resistance and vascular dysfunction. She practiced as a diabetes, obesity and metabolism expert at Brigham for over 10 years. Dr. Raji completed her Medical School in India, had training in United Kingdom and completed her Residency at Detroit Medical Center, Wayne State University, Detroit Michigan before moving to Boston to start her Fellowship, Clinical Research and Practice

## Support EFF

EFF is a 501(c)(3) organization that strives to expand its programs and offerings to the endocrine fellow community. Our mission is to provide a support system for endocrine fellows, helping them to expand their professional capabilities and broaden their exposure to research. To meet our mission and provide services to as many fellows as possible, we rely on the generosity of grants, individuals and business sponsors for support. With the assistance of educational focused individuals, we are able to continue to educate fellows and we invite you to donate now!

## Cycle 1 2015 Grant Awardees

- Paulina Ortiz Rubio - NICU CGM
- Ewa Ruel - Clinically vs. Pathologically Negative Lymph Nodes in Patients With Papillary Thyroid Cancer: Survival, radioactive iodine therapy and lymphadenectomy patterns of use.
- Emir Tas - Characterization of a Novel Monogenic Mouse Model of Insulin Resistance
- Brandi Addison - Non-complicated Diabetic Ketoacidosis: Safety, Cost and Effectiveness of Alternative Treatment Strategies to Intensive Care Unit Management
- Lawrence Swanson - Screening for Retinopathy in Children and Adolescents with Type 1 Diabetes
- Karishma Datye - Assessing Barriers to Adherence in Adolescents with Type 1 Diabetes
- Anne-Marie Carreau - Acute Effect of Biliopancreatic Diversion with Duodenal Switch (BPD-DS) on Postprandial Plasmatic Acylcarnitines Profile and Fatty Acid Flux
- Monica Serrano Gonzalez - Food Decision-Making in Childhood Obesity

The 2015 Endocrine Fellows Foundation Preceptorial in Metabolic Bone Disease was held at the College of Physicians and Surgeons at Columbia University (NYC, NY) from June 8 -19. Thirteen endocrine fellows were treated to a full schedule of programming led by leaders from across the country in the field of metabolic bone research and clinical practice. Assuming funding is secured for 2016, this program will once again be offered in 2016 at Columbia University
